Recommended	
Reason for recommendation	
I have recommended this amount as a contribution towards this project as I feel the club is committed to improving a worthwhile facility, I have recommended a reduced amount as I feel although it will have an impact for individuals it will have a bigger financial impact for the club in the long term than it will have for the community and due to this I feel the club should be making a bigger contribution to this project.	
Any award would be subject to the provision of quotes for this project, confirmation that the club's constitution contains a dissolution clause and that all other funding is in place before community grant monies are paid to the club.
