grant assessment form

1 Aims and objectives of the organisation

To promote the development of young people in achieving their full physical, intellectual, social and spiritual potential as individuals and as responsible citizens and members of their local, national and international communities

2 Purpose of the grant (including breakdown of costs)

The organisation plans to undertake an environmental project with the rangers at Brodick Castle Country Park on 3-5 October 2008. This is a strenuous work project, normally chopping/sawing down rhododendron bushes, burning them, producing material to which then becomes charcoal which is then sold. 8 cubs and 6 leaders will work together on this project which in turn will develop team building skills, provide informative details about our environment and hopefully will encourage active citizenship. The clearance of the bushes means birds, insects will return to this area and therefore the success would be measured in the area we clear.
