- 3.3 The following SIMD Statistical areas and SAPE are used:-
- The total population within each Local Grants Committee Area;
  - The number of population within each area that is within the top 15% deprived areas;

  - The number of elderly population (age 60+) within each Local Grants Committee Area; and
  - The number of young people (aged 0-24) within each Local Grants Committee Area.
- 3.4 Points were awarded based on these statistics, the total points allocated are expressed as a percentage for each Committee area and this percentage is applied to the distribution of the total grant fund.
