	<p>(ii) with regard to the partnership response to reducing re-offending, that this suggestion be rejected on the basis that, currently, considerable resources are being focused on implementation of the new Community Payback Orders and that it would be inappropriate to undertake a review at this time prior to there being an appropriate opportunity for these new arrangements to become properly embedded and to take effect;</p> <p>(iii) with regard to domestic abuse services, that this suggestion be rejected, in recognition that the Violence Against Women Partnership has just been formed and is in the process of developing a work plan. Within this agenda, there is recognition that the focus of domestic abuse services needs to be wider than only domestic abuse to include issues such as rape, prostitution etc, and a review would not be justified at this time given this other work being progressed;</p> <p>(iv) that reports be submitted to early meetings of the Governance and Scrutiny Committee on the work currently being undertaken in relation to re-offending and domestic abuse services, as indicated in (ii) and (iii) above, to include further information on the reasons behind the submission of these suggestions for topic review; and</p> <p>(v) that the topic suggestor for both suggestions, being Justine Murray, Chief Officer with the Criminal Justice Authority be invited along to the appropriate meeting of the Governance and Scrutiny Committee in order that she might have the opportunity to contribute to discussions.</p>	<p>Administration Officer</p> <p>Administrative Officer</p> <p>Head of Children & Families and Criminal Justice</p> <p>Administrative Officer</p>
