23 February 2011

Dear Sirs

**Miss Joyce Black**

**Application Ref: LRB/10/0528/PP**

**Erection of Garage at 9 Borebrae, Newmilns**

We refer to your letter of 9 February 2011 and note the terms of the email from David MacPherson to Robert Beaton of 17 December 2010. Our client maintains that if there was only one lock-up demolished that this would allow access to the site without heavy machinery requiring to take access over pipeage serving five houses at Borebrae.

On the matter of the breakage of pipes, our client is adamant that there have been breakages as a direct result of heavy machinery traffic.

Our client feels that a site meeting would be very helpful and would allow her to outline her concerns by direct reference to the areas involved.

We look forward to receiving a note of when the local review body will consider the case.

Yours faithfully

**Lamonts**
