### **Moscow and Waterside Community Council (CG3986)**

This application was continued at the August meeting of the Grants Committee in order that the Administrative Officer could investigate other avenues of funding through the External Funding and Sustainability Officer.

The External Funding and Sustainability Officer has confirmed that an offer of £4000 was made to the group on 18 July from the Developer Contribution Fund but, to date, no reply has been received from the Group.

He has also confirmed that there may be monies available from the Windfarm Fund.

The group has also been asked to provide an update on any additional funding secured by the group and details of any contribution to costs that the organisation has either applied for or received from anyone else for this project and this is still awaited from the group.
