	<b>Name of other funding source</b>				<b>Reason for recommendation</b>	
	N/A				I have recommended this application to allow group to repair lights which would be more economical than purchasing new lights no contribution has been made as group have fully committed funds within bank account to other projects. This is also a retrospective application due to the timescales involve in installing Christmas lights and the group felt that it was better to repair them and make a bid for funding than lose display over the festive period which would be a blow to the local community and visitors to the area.
