Archway PHAB Club
Assessing Officer
Support Notes

I recommend this group be awarded £1850.00 with the following issues highlighted:

1. Of the 29 group members only 1 adult, Jerry Lee, lives in Kilmarnock Central area; see cross area calculations.
2. This is a long established group that caters for this disabled community who are recognised as being most liable to experience extreme isolation and exclusion in many areas of their lives. The social experience provided by this group is of great value.
3. The costs in running this group have substantially increased in recent years due to services previously provided free by EAC i.e. transport costs, are now charged.
4. Note that many of the running costs are in fact incurred by the group from services provided by EAC e.g. costs of letting and transport £1628.16 (2003). Additional costs of insurance also requires substantial funding e.g. £280 per year (see 6 months premium attached).
5. This group currently owes EAC fees for transport costs, these are outstanding due to Council account's having been sent but not received by the group representatives
6. Due to the ageing membership of this group, fundraising activities to meet increasing costs appear to cause the group difficulty.
7. Recent temporary difficulties with group representatives have caused delays in processing applications for grant assistance, earlier in the year, hence lateness of this submission.
8. If the group is unable to secure funding to meet running costs it will cease, particularly in meeting transport and letting costs.
9. The group name, Archway PHAB is in process of being changed to FABB (Facilitating Access Breaking Barriers) insurance company has been informed and bank will be notified in the near future.
