	£n/a			Reason for recommendation	
Name of other funding source		The recommendation has been made at this amount as it would cover the cost of tracksuits. The club applied last year for the same kit and received £1000 for the U19 section. The reason that a duplicate application has been made is that players have progressed out of the U19 section and the kit has been distributed to individuals so has been taken with them. It is my recommendation that the club receive a grant towards the cost of tracksuits for the squad. The recommendation is that the tracksuits should be kept, as property of the club, not the players, for squads in future seasons to save the club having to make an application on an annual basis. Experience from other sports clubs shows that players are expected to find their own training kit etc with playing strips being the only thing provided for them. This reflects in the recommendation to meet the cost of tracksuits
