4. UNEMPLOYMENT FIGURES FOR EAST AYRSHIRE COUNCIL WARD AND LOCAL COMMITTEE AREAS

4.1 The Office for National Statistics publishes claimant count figures for 1999 wards. The unemployment rates are calculated using an estimate of economically active persons from the 1998 Voluntary Population Survey. Unemployment rates at December 2002 for Wards and Local Committee Areas are appended to this report. The total for Ayrshire differs from the rate reported at para 2.2. The small area rates are calculated on the basis of resident working age population whereas the “headline” rates used in para 2.2 are calculated by reference to the workforce (which excludes those working outside East Ayrshire).

5. UNEMPLOYMENT BY AGE

5.1 The following table shows claimant unemployment by age in East Ayrshire compared with Scotland. As can be seen the younger age groups account for the largest proportion of unemployment. The age profile of East Ayrshire unemployment is similar to that of Scotland.
