Reason for recommendation

There doesn't appear to be any valid reason for the club to apply for funds from the local committee. They currently have a reasonably healthy bank balance and last years accounts demonstrate that the club made a surplus and operate a tote which brings in considerable income.

The club are however, very well organised and have in the past demonstrated excellent player/club development processes.

7 If latest bank balance exceeds the cost of the project or is substantial, are these funds ring-fenced for the normal activities of the group or can they contribute to the cost of the project?

The funds are allocated to pay for various affiliations and entrance fees to competitions, and to purchase equipment. Please note that an affiliation form for East Ayrshire Sports Council has been forwarded to the club.

8 Does the project represent value for money? Yes No X

9 If there are any revenue implications how will they be met in future years?

10 Cross boundary grant (if applicable) and division per committee (the calculation should identify the corresponding number of individuals within the respective Local Committee areas who will directly benefit from the grant award)
