		The New Farm Loch Youth Project is well attended by the local young people and the project requires a range of equipment to support and develop the project.			
		The leisure/sports equipment would enable the project to continue to develop the range of educational, social and recreational activities available to young people inline with the projects aims and objectives.			
		Although significant amounts of money have been ring fenced for the development of the project, there are still some surplus funds from which the group could make a reasonable contribution towards the purchase of the equipment.
