Dear Mr. Crawford

Regarding taxi plates Nos. EA/T 97 & EA/T 102 held by Alexander White and James Lanes. These plates have been operated for several years by Mr James McGhee and the association has no objections to Mr James McGee obtaining these two plates.

If the panel don't grant these plates to James McGee then it would be the wish of the association to grant only one plate keeping the number to 18 as agreed by the former Cumnock and Doon Valley District Council.

In terms of section 10(3) of the Civic Government (Scotland) Act 1982  
We feel that any additional taxi licences would have an adverse effect on existing operators.

Yours sincerely

Chairman
