The group have worked very hard to

raise a substantial amount of money to

contribute to the building of the tennis

courts, they are also submitting an

application to Sportscotland.

Within Fenwick, there is a huge

interest in Tennis and the provision of a

quality playing surface will allow players

future to reach their full potential in

the sport.

7 If latest bank balance exceeds the cost of the project or is substantial, are these funds ring-fenced for the normal activities of the group or can they contribute to the cost of the project?

£10,000.00 will be contributed towards Tennis Court Project and remaining monies are ring-fenced for

Fenwick Gala Week.

8 Does the project represent value for money? **Yes x** **No**

9 If there are any revenue implications how will they be met in future years?

Initially, tennis coaches will work on a voluntary basis. However, the Community Association have a

proven track record for fund-raising so hopefully, they should be able to maintain the facility.

10 Cross boundary grant (if applicable) and division per committee (the calculation should identify the corresponding number of individuals within the respective Local Committee areas who will directly benefit from the grant award)
