

EAST AYRSHIRE COUNCIL

SOUTHERN LOCAL PLANNING COMMITTEE : 01 DECEMBER 2000

**00/0709/FL : PROPOSED EXTENSION TO FORM LOUNGE TO REAR AT
12 CUMNOCK ROAD, MAUCHLINE**

APPLICATION BY MR S LYLE

EXECUTIVE SUMMARY

1. DEVELOPMENT DESCRIPTION

1.1 Permission is sought for the erection of a flat-roof lounge extension to the rear of the existing dwellinghouse. The nature of the proposed extension involves the relocation of a window of an existing bedroom from the rear elevation of the dwelling to the side elevation. The window, in its proposed position, would be located on the original part of the dwellinghouse.

2. RECOMMENDATION

2.1 It is recommended that the application be approved subject to condition listed on the attached sheet.

3. SUMMARY ANALYSIS

3.1 It is considered that the proposal does not conflict with the policy provisions of the East Ayrshire Local Plan (finalised version).

3.2 The objection, in this instance, cannot be considered by the Planning Authority as the aspect of the proposal to which it specifically relates is 'permitted development' in terms of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992. However, the erection of a screen fence would minimise any impact associated with loss of privacy. There is ample garden ground within the application site to accommodate this modest sized extension. With the exception of the bedroom window, which it is proposed will be relocated to the site elevation and is 'Permitted Development', no overlooking issues have arisen.

**Alan Neish
Head of Planning & Building Control**

Note : This document combines key sections of the associated report for quick reference and should not in itself be considered as having been the basis for recommendation preparation or decision making by the Planning Authority.

EAST AYRSHIRE COUNCIL

SOUTHERN LOCAL PLANNING COMMITTEE : 01 DECEMBER 2000

**00/0709/FL : PROPOSED EXTENSION TO FORM LOUNGE TO REAR AT
12 CUMNOCK ROAD, MAUCHLINE**

APPLICATION BY MR S LYLE

Report by Head of Planning and Building Control

1. PURPOSE OF REPORT

1.1 The purpose of this report is to present for determination a full planning application which is to be considered by the Local Planning Committee under the Scheme of Delegation, as the proposed development is subject to an objection.

2. APPLICATION DETAILS

2.1 **Site Description** : This application lies on the west side of Cumnock Road in Mauchline and relates to the existing dwellinghouse and curtilage at 12 Cumnock Road, Mauchline. Other residential properties are located on either side of the application site.

2.2 **Proposed Development** : Permission is sought for the erection of a flat-roof lounge extension to the rear of the existing dwellinghouse. The nature of the proposed extension involves the relocation of a window of an existing bedroom from the rear elevation of the dwelling to the side elevation. The window, in its proposed position, would be located on the original part of the dwellinghouse.

2.3 The dwellinghouse is a single storey, semi-detached property and is externally finished in white painted roughcast. It is proposed that the external finish of the extension will match this.

3. CONSULTATION AND ISSUES RAISED

3.1 Mauchline Community Council has not responded to the consultation letter.

Noted.

3.2 West of Scotland Water Authority has stated that the proposal may involve building over an existing public sewer. It adds that the developer must contact West of Scotland Water, prior to any work commencing on site.

A note can be added to any consent granted for the development to advise the applicant of West of Scotland Water Authority's requirements.

3.3 Scottish Power, Transco, British Telecom and The Coal Authority have no objections to the proposal.

Noted.

4. REPRESENTATIONS : One letter of objection has been received.

4.1 The objector states that his objection relates solely to the fact the proposal involves the relocation of an existing bedroom window from the rear elevation to the side elevation of the original dwellinghouse. The bedroom window in its proposed location would look directly into his kitchen window, a distance of approximately 8metres.

The proposed relocation of the bedroom window to the side elevation of the dwellinghouse, although forming part of the overall development proposals, is 'permitted development' in terms of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992. The Planning Authority cannot therefore exercise control over this aspect of the development. In this respect the objection is not valid and the objector has been advised of this matter. However, it is considered that the erection of a screen fence along the boundary between the applicant's and the objector's properties would minimise any aspect of loss of privacy. A condition can be attached to any consent granted for the proposed development to secure this requirement.

5. DEVELOPMENT PLAN STATUS

5.1 The relevant policy document is East Ayrshire Local Plan (finalised version) and there are no specific policies relevant to the determination of this application.

Noted.

6. OTHER PLANNING CONSIDERATIONS : None

7. LEGAL AND FINANCIAL IMPLICATIONS

7.1 There are no legal or financial implications for the Council in the determination this application.

8. CONCLUSIONS

8.1 It is considered that the proposal does not conflict with the policy provisions of the East Ayrshire Local Plan (finalised version).

8.2 The objection, in this instance, cannot be considered by the Planning Authority as the aspect of the proposal to which it specifically relates is 'permitted development' in terms of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992. However, the erection of a screen fence would minimise any impact associated with loss of privacy. There is ample garden ground within the application site to accommodate this modest sized extension. With the exception of the bedroom window, which it is proposed will be relocated to the site elevation and is 'Permitted Development', no overlooking issues have arisen.

9. RECOMMENDATION

9.1 It is recommended that the application be approved subject to condition listed on the attached sheet.
